Tags make a difference

How our tags benefit retail garden centers

- Our tags will help reduce labor costs, sell more plants, and increase traffic flow.
- The attractive and informative tags will answer many of your customers' questions, freeing up your sales people to see more customers and sell more plants.
- Tags are made from a waterproof, fade resistant material called MilkMade, made from recycled milk jugs.
- The tag design incorporates a large 4-color image, cultural information, botanical and common names, planting instructions and a perforated bottom strip.
- For a nominal fee you can include your retail price and SKU on our tags so that your plants arrive ready for display, saving you time and money!

High-quality image of plant

No matter whether it is the foliage, unusual habit or beautiful blooms, our large 4-color image helps sell the beauty of the plant.

Beni hime Japanese Maple

Acer palmatum 'Beni hime'

Planting instructions with diagram

Our planting instructions help ensure your customers will have success with their new plant.

Easy-to-understand descriptions

When your customers are better informed they are more apt to buy!

Dwarf shrubby habit with small, rounded star shaped leaves. Pinkish-red new growth and red margins on green base. Remains both red and green through summer. Becomes more intensely red and purple in fall.

Filtered or indirect sun.

Best in fertile, moist, well-drained soil.

3-5' tall by 4' wide.

Regularly.

Slow.

Zone 5.
-20° to -10°F.

Eshraghi
NURSERIES, LLC.

Large common and botanical names

What is in a name? We think everything is in a name, especially if it is the name of the plant your customer wants to buy!

Care instructions with simple icons

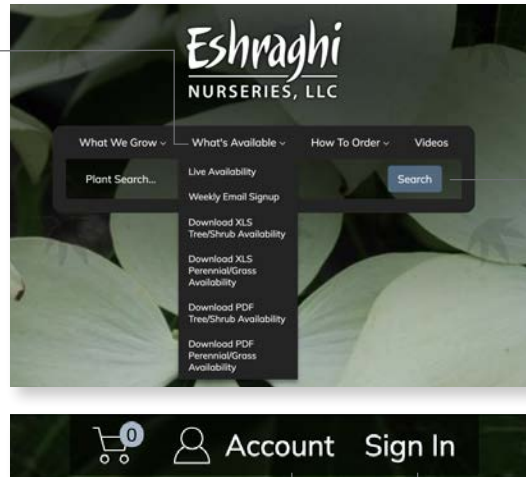

Our tags will build your customers' confidence with simple care instructions helping your staff close sales.

Website / Online Ordering

We encourage you to visit our website where you can view live inventory, source plant material information, images, and even sign up to do online ordering!

How to **view live inventory**

- From our homepage, click on **"What's Available"**
- From the dropdown menu, select **"Live Availability"**

Search for plant material information and images from the plant search field on the homepage.

Online ordering is a feature available to existing customers. To create an account, click on **"Account"** or **"Sign In"**

Click the **"request access"** link if you are a current customer

If you would like to **become a customer**, please download the **"New Customer Packet"** and submit it with your first order to the sales office: sales@eshraghinursery.com

Then, fill out the requested information on the linked page

A close-up photograph of several vibrant red maple leaves. The leaves are palmately lobed with serrated margins and prominent veins. They are set against a blurred background of more foliage. The word "Maples" is overlaid in white text in the center of the image.

Acer circinatum 'Burgundy Jewel'

Acer circinatum 'Pacific Fire'

Acer circinatum

Acer japonicum 'Aconitifolium'

Acer circinatum 'Little Gem'

Acer circinatum 'Sunny Sister'

Acer griseum

Acer palmatum 'Adrian's Compact'

ACER CIRCINATUM 'BURGUNDY JEWEL'

Vine Maple

Size: 6 x 4'

Exposure: Sun-Part sun
Zone: 5

This selection can take the form of a small deciduous tree or a large shrub. The leaves hold their purple-red color well throughout the summer, especially in full sun. In fall the leaves transition to orange and red.

ACER CIRCINATUM 'PACIFIC FIRE'

Vine Maple

Size: 12 x 8'
Exposure: Sun-Shade
Zone: 5

This selection forms an open mound featuring light green foliage that takes on orange highlights in full sun. Brilliant red twigs are the highlight of this vine maple. Fall colors are especially striking with contrasting golden yellow and orange foliage.

ACER CIRCINATUM

Vine Maple

Size: 15 x 20'
Exposure: Sun-Shade
Zone: 5

Small spreading tree with up to 4" wide green leaves which turn gorgeous gold, orange, and red in fall. A great understory tree, but fall color is better with more sun.

ACER JAPONICUM 'ACONITIFOLIUM'

Fernleaf Fullmoon Maple

Size: 15 x 20'
Exposure: Sun-Part sun
Zone: 5

An upright tree with a bushy habit and large, rounded fern-like leaves. Rich green color turns scarlet in fall.

ACER CIRCINATUM 'LITTLE GEM'

Vine Maple

Size: 5 x 5'
Exposure: Sun-Shade
Zone: 5

This dwarf vine maple forms a dense mound. Small green leaves emerge with a slight red tinge in the spring and turn shades of orange and red in fall.

ACER CIRCINATUM 'SUNNY SISTER'

Vine Maple

Size: 6 x 3'
Exposure: Sun-Part shade
Zone: 5

This small, upright, deciduous tree is a great addition to any landscape. Leaves emerge orange-yellow, with pink highlights in full sun, maturing to light green. In fall, leaves change to bright yellow and orange.

ACER GRISEUM

Paperbark Maple

Size: 30 x 20'
Exposure: Sun-Part shade
Zone: 4

A gorgeous, deciduous tree where the cinnamon to reddish brown bark peels away in paper thin strips. Bluish green toothed foliage changes to bronze-red in the fall.

ACER PALMATUM 'ADRIAN'S COMPACT'

Japanese Maple

Size: 10 x 6'
Exposure: Sun-Part shade
Zone: 5

A nice upright, compact tree, with small burgundy-red leaves. Fall color includes bright orange and red.

Maples

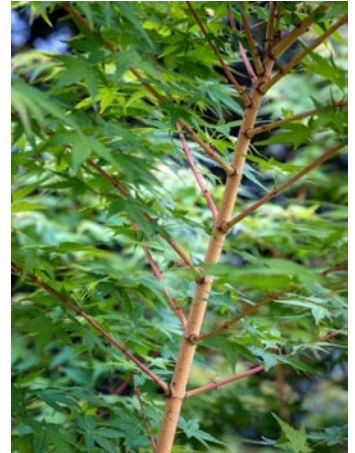

Acer palmatum 'Akita yatsubusa'

Acer palmatum 'Atrolinere'

Acer palmatum 'Beni maiko'

Acer palmatum 'Bihou'

Acer palmatum 'Aoyagi'

Acer palmatum 'Beni hime'

Acer palmatum 'Beni shi en'

Acer palmatum 'Bloodgood'

ACER PALMATUM 'AKITA YATSUBUSA'

Japanese Maple

Size: 3 x 3'

Exposure: Sun-Part shade

Zone: 5

This shrub maple grows in a round form. Its leaves emerge as pinkish yellow-red, mature to green, and in the fall transition to full red. Its leaves also feature long, thin lobes.

ACER PALMATUM 'ATROLINEARE'

Japanese Maple

Size: 15 x 12'

Exposure: Full sun

Zone: 5

Semi-dwarf tree with upright habit. Narrow leaves emerge a bright red, fading to purple-green in the summer, followed by red in the fall. Also known as 'Scolopendrifolium Rubrum'.

ACER PALMATUM 'BENI MAIKO'

Japanese Maple

Size: 10 x 8'

Exposure: Sun-Part shade

Zone: 5

Varying leaf color makes this small tree an exciting addition to the garden. Leaves emerge scarlet-red, maturing to greenish red with red veins. In fall, leaves turn deep pink starting along the edges and eventually spreading across the entire leaf.

ACER PALMATUM 'BIHOU'

Japanese Maple

Size: 7 x 3'

Exposure: Sun-Part shade

Zone: 5

A small, upright deciduous tree with tiny yellow-green leaves. Fall color is yellow to orange. Bark on twigs and branches turns a vivid coral yellow with an orange overcast in winter. The Japanese name means "beautiful mountain range".

ACER PALMATUM 'AOYAGI'

Green Coral Maple

Size: 26 x 20'

Exposure: Sun-Part shade

Zone: 5

Bright green bark is quite unusual and more intense in winter. Light green foliage is densely arranged on the branches, which form a broadly upright crown. Fall color is a nice yellow.

ACER PALMATUM 'BENI HIME'

Japanese Maple

Size: 5 x 4'

Exposure: Part shade

Zone: 5

A dwarf, shrubby tree with small, rounded star-shaped leaves. New growth is pinkish red with red margins and green veins. Remains both red and green through summer becoming more intensely red and purple in fall.

ACER PALMATUM 'BENI SHI EN'

Red Smoke Maple

Size: 20 x 20'

Exposure: Sun-Part shade

Zone: 5

Deeply divided leaves emerge rosy red, darkening to purple. In summer, the foliage becomes green with a lighter midrib. Some leaves have an irregular, creamy margin. Finally in fall, the leaves turn golden. This deciduous tree has an upright form and provides ever-changing seasonal interest.

ACER PALMATUM 'BLOODGOOD'

Japanese Maple

Size: 20 x 20'

Exposure: Sun-Part shade

Zone: 5

A vigorous, upright habit with blackish red new stems. Large, deeply cut red leaves turn bright red in fall. The iconic red upright Japanese maple to which all others are compared.

Acer palmatum 'Elizabeth'

Acer palmatum 'Fascination'

Acer palmatum 'Fireglow'

ACER PALMATUM 'BONFIRE'

Japanese Maple

Size: 15 x 15'
Exposure: Full sun
Zone: 5

A small upright tree with glossy leaves that emerge bright red and fade to green. Nice multicolor effect all summer, brilliant red in fall. Dense growth habit.

ACER PALMATUM 'DR. SEUSS'

Japanese Maple

Size: 5 x 3'
Exposure: Sun-Part shade
Zone: 6

This maple features small, slightly variegated green and yellow leaves. Variegation is most prominent on new growth. In the fall the leaves transition from yellow to orange.

ACER PALMATUM 'EMPEROR I®'

Japanese Maple

Size: 20 x 20'
Exposure: Sun-Part shade
Zone: 5

An upright maple, similar to 'Bloodgood', but with a faster growth rate. This cultivar has a narrower habit with dark red-purple leaves which turn scarlet in the fall. Ideal for colder climates.

ACER PALMATUM 'FIREBALL'

Japanese Maple

Size: 4 x 3'
Exposure: Sun-Part shade
Zone: 5

A dwarf maple, this cultivar has deep purple-red leaves, which turn vivid red and orange in fall.

ACER PALMATUM 'BUTTERFLY'

Japanese Maple

Size: 12 x 8'
Exposure: Sun-Part shade
Zone: 5

Small tree with an upright form. Small green leaves are edged in white and soft pink margins that turn brighter pink in fall.

ACER PALMATUM 'ELIZABETH'

Japanese Maple

Size: 5 x 3'
Exposure: Sun-Part shade
Zone: 5

This dwarf Japanese maple has a dense upright form. Foliage has long, slim lobes and is deep red, aging to bronzy red. In shade, the leaves will be more green.

ACER PALMATUM 'FASCINATION'

Japanese Maple

Size: 26 x 20'
Exposure: Sun-Part shade
Zone: 5

'Fascination' is a medium to large maple with deeply cut leaves. The foliage emerges yellow-orange in spring, then turns a darker green. The fall color is bright orange-red. Tolerates humidity.

ACER PALMATUM 'FIREGLOW'

Japanese Maple

Size: 16 x 16'
Exposure: Sun-part shade
Zone: 5

Upright maple similar to 'Bloodgood', but on the smaller side with brighter red fall coloration. New leaves are also slightly more pink.

Maples

Acer palmatum 'Gable Glory'

Acer palmatum 'Hime shojo'

Acer palmatum 'Kamagata'

Acer palmatum 'Geisha Gone Wild'

Acer palmatum 'Ilarian'

Acer palmatum 'Jubilee'

Acer palmatum 'Katsura'

ACER PALMATUM 'GABLE GLORY'

Chameleon Maple

Size: 15 x 15'
Exposure: Part shade
Zone: 5

Bright orange-red new leaf color is long-lasting, especially in some shade, maturing to burgundy-green. Unusual bark is yellow-green and provides winter interest.

ACER PALMATUM 'HIME SHOJO'

Japanese Maple

Size: 5 x 4'
Exposure: Sun-Part shade
Zone: 5

An excellent dwarf red palmatum, growing densely, and taller than wide. Flushes of red, deeply divided new leaves appear all season, maturing to a dark maroon, giving this treasure a contrasting color effect. Best color in full sun, although afternoon shade in hot climates is appreciated.

ACER PALMATUM 'JN4' DRAGON TEARS™ PP22249

Japanese Maple

Size: 10 x 8'
Exposure: Sun-Part shade
Zone: 5

This Japanese maple cascades like a dissectum, but is not as wide. Its spring color is crimson red, turning burgundy red as the leaves mature. By summer's end the color changes to rusty red. Autumn leaf color is bright red. A "must have" for the collector. Unlicensed propagation prohibited.

ACER PALMATUM 'KAMAGATA'

Eagle Claw Maple

Size: 10 x 10'
Exposure: Full sun
Zone: 5

Small leaves with long angular lobes emerge light green with a red margin. Mid-summer color is bright green before turning intense orange-yellow and red in fall. Has a soft appearance and a dense habit.

ACER PALMATUM 'GEISHA GONE WILD'

Japanese Maple

Size: 6 x 3'
Exposure: Part shade
Zone: 6

A small variegated form with narrow, purple-green foliage, that is irregularly edged with pink and white. New growth is bright hot-pink while fall foliage changes to purple-orange, then red.

ACER PALMATUM 'ILARIAN'

Japanese Maple

Size: 8 x 4'
Exposure: Sun-Part shade
Zone: 6

Small, deciduous, upright tree with unusual, tiny pink, green and white variegated leaves. Stunning foliage changes to a bright orange or red in fall.

ACER PALMATUM 'JUBILEE'

Japanese Maple

Size: 20 x 20'
Exposure: Sun-Shade
Zone: 5

Discovered by Oregon Ornamental, circa 2000, this cultivar is distinguished by its ability to hold its red color well into fall. An upright tree, its form is softened by branches that are somewhat cascading.

ACER PALMATUM 'KATSURA'

Japanese Maple

Size: 12 x 12'
Exposure: Sun-Part shade
Zone: 5

Beautiful bright yellow leaves with coral tones last into summer. Leaves fade to soft green before turning brilliant gold and orange in autumn. New branches turn vibrant coral-orange in winter.

Maples

Acer palmatum 'Kiyohime'

Acer palmatum 'Kurenai jishi'

Acer palmatum 'Manyo no sato'

Acer palmatum 'Mikazuki'

Acer palmatum 'Koto-no-ito'

Acer palmatum 'Lima Gold'

Acer palmatum 'Mikawa yatsubusa'

Acer palmatum 'Nishiki gawa'

ACER PALMATUM 'KIYOHIME'

Japanese Maple

Size: 6 x 6'

Exposure: Full sun

Zone: 5

Small, star-shaped leaves on a vigorous but dense, compact grower. Rich green leaves initially emerge with bright red-orange margins around yellow centers. Fall color is yellow-orange to bronze.

ACER PALMATUM 'KURENAI JISHI'

Red Lion Maple

Size: 4 x 3'

Exposure: Sun-Part shade

Zone: 5

This maple is a dwarf shrub with a compact form. The leaves are small with twisted lobes. New leaf growth emerges bright red, transitioning to a light orange-brown color, and as they mature, the leaves become purple-brown. In the fall, the leaves range from yellow to red.

ACER PALMATUM 'MANYO NO SATO'

Japanese Maple

Size: 6 x 4'

Exposure: Sun-Part shade

Zone: 5

Narrow-lobed, deeply divided leaves emerge purple, and harden off to green and purple. In late summer, the purple turns deep green, creating a two-toned green effect. Fall color is purple and orange.

ACER PALMATUM 'MIKAZUKI'

Crescent Moon Maple

Size: 13 x 7'

Exposure: Part sun-Part shade

Zone: 5

Spring growth emerges red with green venation. As the deeply divided and undulating foliage matures, it changes to creamy white with pink margins. Fall brings back the green veins highlighting the orange leaves. A great cultivar for humid climates.

ACER PALMATUM 'KOTO-NO-ITO'

Harp Strings Maple

Size: 10 x 8'

Exposure: Sun-Part shade

Zone: 5

Meaning "harp strings", the name of this cultivar aptly describes this tree's very fine thread-like leaves. Foliage opens with a hint of crimson, quickly turning green. Fall color is bright yellow. Very graceful appearance.

ACER PALMATUM 'LIMA GOLD'

Japanese Maple

Size: 4 x 4'

Exposure: Sun-Part sun

Zone: 5

Tiny yellow-green, seven-lobed leaves adorn this dense, dwarf maple. Fall color is a light golden yellow. Its compact stature makes it highly suitable for a container or small garden.

ACER PALMATUM 'MIKAWA YATSUBUSA'

Japanese Maple

Size: 12 x 12'

Exposure: Sun-Shade

Zone: 5

Large, overlapping leaves make this maple quite unusual. Bright yellow-green new growth matures to rich green. Very striking dwarf tree.

ACER PALMATUM 'NISHIKI GAWA'

Pine Bark Maple

Size: 10 x 6'

Exposure: Sun-Part shade

Zone: 5

This upright deciduous tree features green leaves with yellow to red fall color. As it ages, the bark develops attractive vertical fissures, similar to the Japanese black pine.

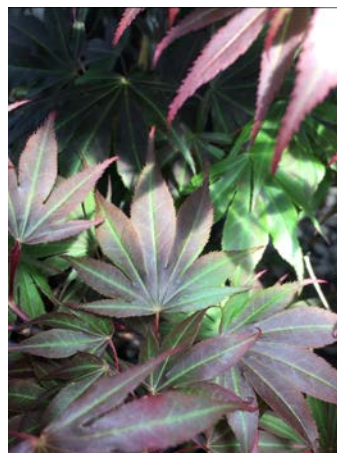

Maples

Acer palmatum 'Olsen's Frosted Strawberry'

Acer palmatum 'Onyx'

Acer palmatum 'Oregon Sunset'

Acer palmatum 'Peaches and Cream'

Acer palmatum 'Omato'

Acer palmatum 'Orange Dream'

Acer palmatum 'Orion'

Acer palmatum 'Peridot Flame'

ACER PALMATUM 'OLSEN'S FROSTED STRAWBERRY'

Japanese Maple

Size: 6 x 6'

Exposure: Sun-Part shade

Zone: 5

This small tree features variegated leaves of purple-red and silver-white. The colors are most vibrant in spring. The upper leaves create an open, willowy canopy.

ACER PALMATUM 'ONYX'

Japanese Maple

Size: 12 x 15'

Exposure: Sun-Part shade

Zone: 5

Leaves emerge in spring with a deep burgundy foliage color. Fall color is deep red. Similar to 'Bloodgood', but with a more narrow habit.

ACER PALMATUM 'OREGON SUNSET'

Japanese Maple

Size: 10 x 10'

Exposure: Sun-Part shade

Zone: 5

Large leaves round out the overall globe-shape of this compact grower. Purple-red leaves begin as a soft red in spring. In fall, the leaves turn an outstanding orange-red.

ACER PALMATUM 'PEACHES AND CREAM'

Japanese Maple

Size: 10 x 10'

Exposure: Part shade

Zone: 5

Spring foliage emerges cream with green highlights and rose-red tips. Deep green veins create a variegated appearance. Fall color is yellow with dark tips.

ACER PALMATUM 'OMATO'

Japanese Maple

Size: 25 x 25'

Exposure: Sun-Part sun

Zone: 5

This upright, green maple has large, broadly ovate leaves with 5-7 lobes. Leaves emerge with a hint of orange-red, mature to rich green, then turn brilliant tones of red in fall.

ACER PALMATUM 'ORANGE DREAM'

Japanese Maple

Size: 25 x 15'

Exposure: Part shade

Zone: 5

Similar to 'Katsura' but even more colorful. A nicely branched upright tree, the large leaves begin coral-orange and progress to vibrant yellow with red undertones, eventually maturing a soft green. Bright gold and coral in fall.

ACER PALMATUM 'ORION'

Japanese Maple

Size: 5 x 4'

Exposure: Sun-Part shade

Zone: 6

Very small leaves emerge bright red and mature to maroon, copper, and green. Fall color is soft orange.

ACER PALMATUM 'PERIDOT FLAME'

Japanese Maple

Size: 12 x 6'

Exposure: Part shade

Zone: 5

An upright Japanese maple, whose foliage emerges peachy red in spring, then matures to a bronze-green. Deeply lobed and serrated leaf edges mimic a flame. Fall tones are yellow and orange.

Maples

NEW INTRO

Acer palmatum 'Phoenix'

Acer palmatum 'Purple Ghost'

Acer palmatum 'Red Pygmy'

Acer palmatum 'Ruby Stars'

Acer palmatum 'Pixie'

Acer palmatum 'Rainbow'

Acer palmatum 'Rhode Island Red'

Acer palmatum 'Ryu sei'

ACER PALMATUM 'PHOENIX'

Japanese Maple

Size: 16 x 8'
Exposure: Sun-Part shade
Zone: 5

The leaves of this upright, deciduous tree change throughout the season. Emerging pink-red with yellow veins, the leaves become more yellow, while the veins become green. Eventually the leaves are shiny green with bronze-red margins. Finally, fall brings bright orange and red colors.

ACER PALMATUM 'PURPLE GHOST'

Japanese Maple

Size: 18 x 18'
Exposure: Sun-Part shade
Zone: 5

Purple-red foliage, with dark black veins, turns bright red to orange in fall. The more sun, the darker the leaves.

ACER PALMATUM 'RED PYGMY'

Japanese Maple

Size: 6 x 6'
Exposure: Part shade
Zone: 5

Very narrow leaf lobes give these red leaves a strap-like look. Leaves are more gold as the season ends. Forms a vase-shaped, small tree.

ACER PALMATUM 'RUBY STARS'

Japanese Maple

Size: 6 x 3'
Exposure: Sun-Part shade
Zone: 5

Small, broadly star-shaped leaves emerge red in spring, maturing to green in summer. A second flush of red growth creates a lovely contrast against the older green leaves. Fall color is yellow to orange. A lovely dwarf tree.

ACER PALMATUM 'PIXIE'

Japanese Maple

Size: 8 x 8'
Exposure: Sun-Part shade
Zone: 5

Semi-dwarf tree with compact growth habit and black-red new stems. Deep purple-red foliage turns bright red in the fall.

ACER PALMATUM 'RAINBOW'

Japanese Maple

Size: 8 x 4'
Exposure: Sun-Part shade
Zone: 5

Variegated leaves are pink and purple, with the markings quite different from leaf to leaf. Fall color is red.

ACER PALMATUM 'RHODE ISLAND RED'

Japanese Maple

Size: 6 x 7'
Exposure: Sun-Part shade
Zone: 5

This compact, red-leaved maple forms a broad dome-shaped crown. Bright red leaves mature to burgundy red, finally turning orange to red in fall. Dark red stems provide winter interest.

ACER PALMATUM 'RYU SEI'

Japanese Maple

Size: 10 x 6'
Exposure: Sun-Part shade
Zone: 5

A weeping palmatum, this cultivar has green spring and summer foliage, that turns red and gold in fall. Branches initially grow upwards, but quickly become pendulous. Height depends on training.

Maples

Acer palmatum 'Sagara nishiki'

Acer palmatum 'Seiun kaku'

Acer palmatum 'Sharp's Pygmy'

Acer palmatum 'Skeeter's Broom'

Acer palmatum 'Sango kaku'

Acer palmatum 'Shaina'

Acer palmatum 'Shishigashira'

Acer palmatum 'Summer Gold'

ACER PALMATUM 'SAGARA NISHIKI'

Japanese Maple

Size: 10 x 8'

Exposure: Sun-Part shade

Zone: 5

Leaves begin life with some apricot coloration, becoming chartreuse to dark green with yellow margins as the season progresses. The foliage will turn orange and yellow in the fall.

ACER PALMATUM 'SEIUN KAKU'

Japanese Maple

Size: 10 x 10'

Exposure: Sun-Part shade

Zone: 5

Forming a flat-topped crown, the foliage on this upright maple emerges yellow-green, maturing to dark green in summer, and finally turning a lovely red in fall.

ACER PALMATUM 'SHARP'S PYGMY'

Japanese Maple

Size: 4 x 4'

Exposure: Part sun

Zone: 5

A dwarf tree with very compact growth. Small, serrated, green leaves turn brilliant yellow and scarlet-orange in autumn.

ACER PALMATUM 'SKEETER'S BROOM'

Japanese Maple

Size: 6 x 6'

Exposure: Sun-Part shade

Zone: 5

New growth on this compact Japanese maple emerges a lovely bright red. As the foliage matures it takes on more of a burgundy color.

ACER PALMATUM 'SANGO KAKU'

Coral Bark Maple

Size: 20 x 20'

Exposure: Sun-Part shade

Zone: 5

'Sango kaku' is best known for its magnificent coral-pink bark in the winter. An upright grower with medium-sized, light green leaves until fall, when they become apricot-orange followed by a brilliant gold. Very showy tree with a nice upright form.

ACER PALMATUM 'SHAINA'

Japanese Maple

Size: 8 x 8'

Exposure: Sun-Part shade

Zone: 5

A popular compact, upright, and densely branching tree. Small, deeply cut leaves remain close to the branches. Leaves begin a bright red and mature to a deep reddish purple and magenta in fall.

ACER PALMATUM 'SHISHIGASHIRA'

Lion's Head Maple

Size: 20 x 15'

Exposure: Sun-Part shade

Zone: 5

Small, bright green leaves curl tightly against branches. Densely packed leaves create a striking appearance on this slow-growing, compact, upright tree. The foliage turns brilliant gold with some red and pink shades in autumn.

ACER PALMATUM 'SUMMER GOLD'

Japanese Maple

Size: 13 x 8'

Exposure: Sun-Part shade

Zone: 5

A lovely yellow-leaved maple that is sun tolerant. New leaves emerge orange-yellow, transitioning through light yellow, yellow-gold, yellow-green, and finally golden yellow in fall. This yellow maple, developed at Fratelli Gilardelli Nursery in Italy, tolerates sun and heat.

Maples

Acer palmatum 'Taylor'

Acer palmatum 'Twombly's Red Sentinel'

Acer palmatum 'Winter Red'

Acer palmatum dissectum 'Baby Lace'

Acer palmatum 'Tobiosho'

Acer palmatum 'Ukigumo'

Acer palmatum 'Winter's Columnar Red'

Acer palmatum dissectum 'Baldsmith'

ACER PALMATUM 'TAYLOR'

Japanese Maple

Size: 4 x 3'

Exposure: Sun-Part shade

Zone: 6

This dwarf shrub maple is known for its stunning pink new growth. In late spring, leaf centers turn green while margins remain pink. The leaves turn lime green in fall before they drop.

ACER PALMATUM 'TWOBLY'S RED SENTINEL'

Japanese Maple

Size: 6 x 3'

Exposure: Sun-Part shade

Zone: 5

This compact and narrow growing tree has lovely deep maroon foliage. The color holds well throughout the hot summer months and becomes a beautiful crimson in autumn.

ACER PALMATUM 'WINTER RED'

Japanese Maple

Size: 10 x 6'

Exposure: Sun-Part shade

Zone: 6

Fiery, coral-red bark provides interest winter through early spring. Then bright yellow-green leaves emerge, creating a lovely contrast to the bark. Fall brings golden yellow and small accents of red.

ACER PALMATUM DISSECTUM 'BABY LACE'

Laceleaf Maple

Size: 3 x 3'

Exposure: Part sun-Part shade

Zone: 5

Small, very finely dissected leaves emerge a pinkish red fading to a bronze-green. Fall color is more reddish with hints of pink and orange. A delicate looking maple as leaves have an airy, spider-like appearance. Remains quite dwarf.

ACER PALMATUM 'TOBIOSHO'

Japanese Maple

Size: 20 x 15'

Exposure: Sun-Part shade

Zone: 5

Known for its brilliant red fall color, 'Tobiosho' has an upright, rounded habit and bears medium green leaves through spring and summer.

ACER PALMATUM 'UKIGUMO'

Floating Cloud Maple

Size: 12 x 8'

Exposure: Sun-Part shade

Zone: 5

A very small ornamental tree. Leaves are mixed green, white, and pink with variegation changing throughout the season.

ACER PALMATUM 'WINTER'S COLUMNAR RED'

Japanese Maple

Size: 10 x 8'

Exposure: Sun-Part shade

Zone: 5

Small foliage turns an outstanding bright red in fall.

ACER PALMATUM DISSECTUM 'BALDSMITH'

Laceleaf Maple

Size: 5 x 6'

Exposure: Part sun

Zone: 5

A mounding laceleaf with finely cut leaves. Spring color is bright orange-red, fading to soft green in summer, finally turning brilliant orange in fall.

Maples

Acer palmatum dissectum 'Crimson Queen'

Acer palmatum dissectum 'Inaba Shidare'

Acer palmatum dissectum 'Lemon Lime Lace'

Acer palmatum dissectum 'Red Dragon'

Acer palmatum dissectum 'Hana matoi'

Acer palmatum dissectum 'Jeddeloh Orange'

Acer palmatum dissectum 'Orangeola'

Acer palmatum dissectum 'Red Filigree Lace'

ACER PALMATUM DISSECTUM 'CRIMSON QUEEN'

Laceleaf Maple

Size: 8 x 12'

Exposure: Part sun

Zone: 5

A lovely laceleaf maple with deep purple-red color and a nice cascading habit. Holds color well in heat and turns deep scarlet in fall.

ACER PALMATUM DISSECTUM 'INABA SHIDARE'

Laceleaf Maple

Size: 7 x 10'

Exposure: Sun-Part shade

Zone: 5

Rich maroon laceleaf with a cascading habit that is a bit more upright than most. Crimson in fall. Faster growing than other red laceleaves.

ACER PALMATUM DISSECTUM 'LEMON LIME LACE'

Laceleaf Maple

Size: 4 x 9'

Exposure: Sun-Part shade

Zone: 5

Lace-like leaves emerge yellow, maturing to lime green, giving this weeping Japanese maple a lovely two-toned appearance. Fall color ranges from yellow to orange.

ACER PALMATUM DISSECTUM 'RED DRAGON'

Laceleaf Maple

Size: 7 x 10'

Exposure: Sun-Part shade

Zone: 5

A beautiful weeping laceleaf with new red leaves which mature to purple-red. This cultivar holds deep red color in sun or shade, better than any other red dissectum. Rich red in fall.

ACER PALMATUM DISSECTUM 'HANA MATOI'

Laceleaf Maple

Size: 2 x 3'

Exposure: Part shade

Zone: 5

Deeply cut lobes and fine serrations create a lacy effect. Adding to the appeal are the variations of deep pink, yellow-green and cream on the green leaves. Protect from hot sun to retain color.

ACER PALMATUM DISSECTUM 'JEDDELOH ORANGE'

Laceleaf Maple

Size: 5 x 6'

Exposure: Part sun

Zone: 5

Finely dissected leaves have strong red-orange margins and pale green centers. Fall color is intense red. A lovely small specimen tree.

ACER PALMATUM DISSECTUM 'ORANGEOLA'

Laceleaf Maple

Size: 8 x 7'

Exposure: Sun-Part shade

Zone: 5

Leaves emerge orange-red then fade to dark red-green. Heavy shade encourages a deep green cast. It is a beautiful effect enhanced by leaves that are a bit more glossy than most of the reddish purple laceleaf varieties. Color becomes bright red-orange in autumn. Dense branches cascade nicely.

ACER PALMATUM DISSECTUM 'RED FILIGREE LACE'

Laceleaf Maple

Size: 5 x 5'

Exposure: Part shade

Zone: 5

Extremely lacy, deep purple uniform color, with deep purple to red fall color. One of the most unusual laceleaves available.

Maples

Acer palmatum dissectum 'Seiryu'

Acer palmatum dissectum 'Viridis'

Acer pseudoplatanus 'Eskimo Sunset'

Acer shirasawanum 'Autumn Moon'

Acer palmatum dissectum 'Tamuke yama'

Acer palmatum dissectum 'Waterfall'

Acer shirasawanum 'Aureum'

Acer sieboldianum 'Kumoi nishiki'

ACER PALMATUM DISSECTUM 'SEIRYU'

Upright Laceleaf Maple

Size: 25 x 15'

Exposure: Sun-Part shade

Zone: 5

A very attractive upright growth form with small, lacy green leaves until autumn, when leaves turn red and gold with tones of purple. A very attractive and unusual upright.

ACER PALMATUM DISSECTUM 'VIRIDIS'

Laceleaf Maple

Size: 10 x 10'

Exposure: Part sun-Part shade

Zone: 5

The most common green laceleaf maple. Bright green leaves turn yellow-gold with hints of orange and red in fall. Cascading habit.

ACER PSEUDOPLATANUS 'ESKIMO SUNSET'

Variegated Sycamore Maple

Size: 30 x 20'

Exposure: Sun-Part shade

Zone: 4

A stunning maple. Its spring leaves emerge orange-pink and settle into green, splashed with cream and pink. And incredibly, the underside of the leaf is purple!

ACER SHIRASAWANUM 'AUTUMN MOON'

Fullmoon Maple

Size: 20 x 15'

Exposure: Part sun-Part shade

Zone: 5

Small, deciduous tree. Leaves have many more lobes than a palmatum, giving them a rounded appearance. Foliage is burnt orange in sun, yellow in shade, and rose-orange in the fall.

ACER PALMATUM DISSECTUM 'TAMUKE YAMA'

Laceleaf Maple

Size: 8 x 12'

Exposure: Sun-Part shade

Zone: 5

A rich red-purple laceleaf which holds its color well through summer. Leaves emerge slightly more red; fall color is brilliant red. Grows quickly to maturity.

ACER PALMATUM DISSECTUM 'WATERFALL'

Laceleaf Maple

Size: 6 x 12'

Exposure: Sun-Part shade

Zone: 5

Small, deciduous tree that has strongly cascading branches. Green foliage turns gold with traces of orange and scarlet in the fall. Needs more shade in hot summer areas.

ACER SHIRASAWANUM 'AUREUM'

Fullmoon Maple

Size: 20 x 20'

Exposure: Part sun-Part shade

Zone: 5

Beautiful tree with bright yellow leaves that turn orange-red in fall. Leaves have many more lobes than a palmatum, giving them a rounded appearance. In shade, the leaves will be more chartreuse. Upright and bushy growth habit.

ACER SIEBOLDIANUM 'KUMOI NISHIKI'

Siebold's Maple

Size: 10 x 6'

Exposure: Sun-Part shade

Zone: 4

Broad-lobed, palmate leaves are mottled with varying shades of green and creamy white. Fall colors are orange and red.

A close-up photograph of a conifer branch, likely a spruce or fir, showing dense, vibrant green needles. The needles are long and thin, arranged in a fan-like pattern along the branch. The background is a soft, out-of-focus green, suggesting more foliage.

Conifers

Abies

Cedrus

Abies concolor 'Blue Cloak'

Abies koreana 'Horstmann's Silberlocke'

Abies koreana 'Silberperle'

Cedrus atlantica 'Fastigiata'

Abies koreana 'Cis'

Abies koreana 'Kohouts Icebreaker'

Cedrus atlantica 'Glauca Pendula'

ABIES CONCOLOR 'BLUE CLOAK'

White Fir

Size: 8 x 4'

Exposure: Full sun

Zone: 4

This conifer has striking light blue needles that grow along slightly weeping branches. The pyramidal form makes a great specimen in areas with restricted space.

ABIES KOREANA 'HORSTMANN'S SILBERLOCKE'

Korean Fir

Size: 30 x 20'

Exposure: Sun-Part shade

Zone: 5

This unusual yet handsome medium sized conical tree has irregular branching and blue-green needles curling up to reveal bright silver undersides. Likes lower elevations and tolerates heat and drought.

ABIES KOREANA 'SILBERPERLE'

Korean Fir

Size: 2 x 2' in 10 yrs

Exposure: Sun-Part shade

Zone: 4

Deep green needles have silver-white undersides and white, pearl-like winter buds. Its slow, dense growth initially forms a flattened globe, eventually becoming conical in shape. Protect from hot sun.

CEDRUS ATLANTICA 'FASTIGIATA'

Blue Atlas Cedar

Size: 40 x 15'

Exposure: Full sun

Zone: 6

This upright plant has a narrower profile than the species. The evergreen foliage has a beautiful green-blue color, adding to this plant's beauty.

ABIES KOREANA 'CIS'

Korean Fir

Size: 2 x 2'

Exposure: Sun-Part shade

Zone: 4

A low rounded shape and dark green evergreen needles make this a great plant for the front of the border or along a walkway. This dwarf conifer stays neat and compact.

ABIES KOREANA 'KOHOUTS ICEBREAKER'

Korean Fir

Size: 6 x 3'

Exposure: Sun-Part shade

Zone: 5

A witch's broom of 'Horstmann's Silberlocke', this cultivar will maintain a small stature in the garden. Radial branching and curled needles that expose their white undersides are its signature features. Over time it may develop a leader and mature into a squat tree.

CEDRUS ATLANTICA 'GLAUCA PENDULA'

Weeping Blue Atlas Cedar

Size: 10 x 15'

Exposure: Sun-Part sun

Zone: 6

Weeping evergreen conifer has blue-green needles on long, pendulous branches. A unique specimen for the landscape. Size and form depend on training: cascade over low walls, stake to form a central leader, or train along strong supports.

Cedrus

Cedrus atlantica 'Glauca'

Cedrus atlantica 'Horstmann'

Cedrus deodara 'Devinely Blue'

Cedrus deodara 'Feelin Blue'

Cedrus atlantica 'Granny Louise'

Cedrus atlantica 'Sapphire Nymph'

Cedrus deodara 'Electra Blue'

Cedrus deodara 'Gold Cascade'

CEDRUS ATLANTICA 'GLAUCU'

Blue Atlas Cedar

Size: 60 x 40'

Exposure: Sun-Part sun

Zone: 6

This evergreen conifer has silvery blue needles in whorls. Upright barrel-shaped cones are 2-3" tall.

CEDRUS ATLANTICA 'HORSTMANN'

Blue Atlas Cedar

Size: 12 x 8'

Exposure: Full sun

Zone: 5

Short, silver-blue needles and stiff, irregular branching make this intermediate sized evergreen tree stand out in the garden. Drought tolerant once established.

CEDRUS DEODARA 'DEVINELY BLUE'

Himalayan Cedar

Size: 6 x 3'

Exposure: Full sun

Zone: 7

Dwarf, dense, compact shrub with mounding habit. Pale gray-green new growth darkens to blue-green with age. Height depends on training. Named after Bill Devine at Angelica Nurseries.

CEDRUS DEODARA 'FEELIN BLUE'

Himalayan Cedar

Size: 1 x 6'

Exposure: Full sun

Zone: 6

One of the lowest dwarf forms of blue cedar. A spreading, evergreen conifer that rarely develops a leader. Needles are blue-green and soft textured which contrast easily with other low growing plants. Can be staked to achieve desired height.

CEDRUS ATLANTICA 'GRANNY LOUISE'

Blue Atlas Cedar

Size: 40 x 10'

Exposure: Full sun

Zone: 6

This evergreen features a strongly narrow columnar form with unique, shorter than usual green-blue needles. Discovered in Oregon at Evens Farms in 1979.

CEDRUS ATLANTICA 'SAPPHIRE NYMPH'

Atlas Cedar

Size: 24 x 30"

Exposure: Full sun

Zone: 7

This dwarf blue atlas cedar has a prostrate habit. The short needles are initially creamy white, and mature to silvery blue. Height will depend on staking. Originally from McCracken's Nursery.

CEDRUS DEODARA 'ELECTRA BLUE'

Himalayan Cedar

Size: 8 x 5'

Exposure: Full sun

Zone: 6

A lovely evergreen with striking blue needles which lend both color and texture to the landscape, especially during the winter months. Makes a fine specimen for smaller gardens.

CEDRUS DEODARA 'GOLD CASCADE'

Himalayan Cedar

Size: 8 x 15'

Exposure: Full sun

Zone: 7

This broadly upright evergreen has gracefully cascading branches. The upper sides of the needles are yellow, contrasting nicely with the lower and inner growth, which is light green.

Cedrus

Cedrus deodara 'Karl Fuchs'

Cedrus deodara 'Miles High'

CEDRUS DEODARA 'KARL FUCHS'

Himalayan Cedar

Size: 60 x 20'
Exposure: Full sun
Zone: 6

Blue-green foliage adorns layered branches that droop slightly over time. Good resistance to storm damage.

CEDRUS DEODARA 'MILES HIGH'

Himalayan Cedar

Size: 30 x 15'
Exposure: Sun-Part sun
Zone: 7

This evergreen is excellent for adding height to the landscape with its tall central leader and graceful pendulous branches. Foliage is a nice blue-green color.

Cephalotaxus

Cephalotaxus harringtonia 'Duke Gardens'

Cephalotaxus harringtonia 'Fastigiata'

CEPHALOTAXUS HARRINGTONIA 'DUKE GARDENS'

Japanese Plum Yew

Size: 4 x 4'
Exposure: Part shade-Shade
Zone: 6

A shade loving evergreen that has deep green, needle-like foliage which grows into a dense and bushy plant. Excellent for low hedges or mixed plantings. Deer resistant.

CEPHALOTAXUS HARRINGTONIA 'FASTIGIATA'

Japanese Plum Yew

Size: 10 x 5'
Exposure: Part shade-Shade
Zone: 6

A columnar habit makes this evergreen a wonderful vertical accent in the garden. 2" long dark green needles are arranged in spirals on the stem. Heat tolerant. Deer resistant.

Cephalotaxus harringtonia 'Korean Gold'

Cephalotaxus harringtonia 'Prostrata'

CEPHALOTAXUS HARRINGTONIA 'KOREAN GOLD'

Japanese Plum Yew

Size: 5 x 2'
Exposure: Part shade-Shade
Zone: 6

A slow-growing, fastigate evergreen that has needle-like foliage with a lovely golden hue that is sure to make a statement in the landscape. Color holds well throughout the summer and turns a deep green during the winter months. Deer resistant.

CEPHALOTAXUS HARRINGTONIA 'PROSTRATA'

Japanese Plum Yew

Size: 4 x 8'
Exposure: Sun-Part shade
Zone: 6

Arching pendulous branches create a feathery evergreen groundcover. New growth is lime green, becoming dark glossy green as the season progresses. Deer resistant and drought tolerant.

Chamaecyparis

Chamaecyparis lawsoniana 'Snow White'

Chamaecyparis lawsoniana 'Treasure Island'

CHAMAECYPARIS LAWSONIANA 'SNOW WHITE'

Port Orford Cedar

Size: 4 x 2'
Exposure: Full sun
Zone: 5

A slow-growing, conical, dwarf cypress with grey-green foliage that features white tips in the spring.

CHAMAECYPARIS LAWSONIANA 'TREASURE ISLAND'

Port Orford Cedar

Size: 2 x 1'
Exposure: Part sun-Part shade
Zone: 5

This dwarf conifer has yellow foliage and is very slow growing, perfect for small spaces. Initially rounded, it eventually develops a conical shape. Best with afternoon shade.

Chamaecyparis

Chamaecyparis lawsoniana 'Wissel's Saguaro'

Chamaecyparis nootkatensis 'Green Arrow'

Chamaecyparis obtusa 'Compacta'

Chamaecyparis obtusa 'Fernspray Gold'

Chamaecyparis nootkatensis 'Glauca Pendula'

Chamaecyparis nootkatensis 'Pendula'

Chamaecyparis obtusa 'Confucius'

Chamaecyparis obtusa 'Gracilis'

CHAMAECYPARIS LAWSONIANA 'WISSEL'S SAGUARO'

Port Orford Cedar

Size: 8 x 3'

Exposure: Full sun

Zone: 5

An interesting and unique specimen with blue-green foliage on branches that arch out, reminiscent of the shape of a saguaro cactus. Looks great as a specimen or planted in mixed conifer beds.

CHAMAECYPARIS NOOTKATENSIS 'GREEN ARROW'

Weeping Alaskan Cedar

Size: 30 x 4'

Exposure: Full sun

Zone: 4

Very narrow habit with deep green, pendulous branches. A clean and graceful tree. Likes a moderately humid atmosphere.

CHAMAECYPARIS OBTUSA 'COMPACTA'

Compact Hinoki Falsecypress

Size: 25 x 15'

Exposure: Sun-Part shade

Zone: 5

Evergreen foliage is in flattened, fan-like sprays on slightly ascending branches. Develops an irregular, conical shape.

CHAMAECYPARIS OBTUSA 'FERNSPRAY GOLD'

Hinoki Falsecypress

Size: 10 x 10'

Exposure: Sun-Part sun

Zone: 4

Coniferous evergreen shrub with bright yellow foliage in fern-like sprays. Protect from strong winds. Likes a moderately humid atmosphere.

CHAMAECYPARIS NOOTKATENSIS 'GLAUCA PENDULA'

Blue Weeping Alaskan Cedar

Size: 30 x 20'

Exposure: Sun-Part sun

Zone: 4

Dense, deep, bluish green foliage on graceful weeping branches. Likes a moderately humid atmosphere.

CHAMAECYPARIS NOOTKATENSIS 'PENDULA'

Weeping Alaskan Cedar

Size: 45 x 40'

Exposure: Full sun

Zone: 4

A strong upright trunk rises up with sweeping arched side branches hanging with drooping branchlets of dark green foliage. Likes a moderately humid atmosphere.

CHAMAECYPARIS OBTUSA 'CONFUCIUS'

Hinoki Falsecypress

Size: 10 x 8'

Exposure: Sun-Part shade

Zone: 5

Bright, lemon-yellow foliage on the outside, deeper yellow, gold, and emerald green on the interior. Broad conical form with graceful branching.

CHAMAECYPARIS OBTUSA 'GRACILIS'

Hinoki Falsecypress

Size: 15 x 6'

Exposure: Sun-Part shade

Zone: 4

Narrow, upright, pyramidal evergreen with graceful horizontal branching. Reddish new growth matures to deep green. Foliage takes on a bronzy color in the fall.

Chamaecyparis

Chamaecyparis obtusa 'Kamaeni hiba'

Chamaecyparis obtusa 'Nana Lutea'

Chamaecyparis obtusa 'Tempelhof'

Chamaecyparis pisifera 'Golden Mop'

Chamaecyparis obtusa 'Kosteri'

Chamaecyparis obtusa 'Nana'

Chamaecyparis pisifera 'Cream Ball'

Chamaecyparis pisifera 'King's Gold'

CHAMAECYPARIS OBTUSA 'KAMAENI HIBA'

Hinoki Falsecypress

Size: 4 x 4'

Exposure: Sun-Part shade

Zone: 5

A dwarf cultivar with a rounded habit and golden twisted threads of foliage that become a creamy ochre-green on the interior. Likes a moderately humid atmosphere with shade.

CHAMAECYPARIS OBTUSA 'NANA LUTEA'

Golden Dwarf Hinoki Falsecypress

Size: 3 x 3'

Exposure: Sun-Part shade

Zone: 5

A very vivid form of dwarf Hinoki with golden yellow foliage. Likes a moderately humid atmosphere.

CHAMAECYPARIS OBTUSA 'TEMPELHOF'

Hinoki Falsecypress

Size: 4 x 3'

Exposure: Full sun

Zone: 5

Evergreen, broad, dark green form of Hinoki Falsecypress. Red stems and bronze winter foliage color. Likes a moderately humid atmosphere.

CHAMAECYPARIS PISIFERA 'GOLDEN MOP'

Sawara Cypress

Size: 5 x 5'

Exposure: Sun-Part shade

Zone: 4

This mounding, dwarf shrub has pendulous filaments, giving it a mop-like appearance. Foliage is golden yellow and holds its color year-round.

CHAMAECYPARIS OBTUSA 'KOSTERI'

Hinoki Falsecypress

Size: 4 x 4'

Exposure: Full sun

Zone: 5

A loosely globe-shaped conifer that will take on a more pyramidal form as it matures. Foliage is produced in flattened sprays that are medium green in color with a lace texture. A great plant for containers as well as the landscape.

CHAMAECYPARIS OBTUSA 'NANA'

Dwarf Hinoki Falsecypress

Size: 3 x 3'

Exposure: Full sun

Zone: 4

A slow-growing, mounding form with dark green foliage. Bronze tinge on winter foliage.

CHAMAECYPARIS PISIFERA 'CREAM BALL'

Sawara Cypress

Size: 5 x 5'

Exposure: Sun-Part shade

Zone: 4

Globe-shaped dwarf with splashes of white on green foliage. Juvenile foliage, like other Sawara falsecypress, is thread-like.

CHAMAECYPARIS PISIFERA 'KING'S GOLD'

Sawara Cypress

Size: 6 x 4'

Exposure: Sun-Part sun

Zone: 4

Fine foliage held closely on thin branches creates a corded appearance. Bright gold foliage has best color in full sun. Soft, rounded habit.

Chamae- cyparis

Cryptomeria

Cupresso- cyparis

Chamaecyparis pisifera 'Sungold'

Cryptomeria japonica 'Black Dragon'

Cryptomeria japonica 'Spiralis'

Cupressocyparis leylandii 'Gold Rider'

Cryptomeria japonica 'Golden Promise'

Cupressocyparis leylandii 'Goldfern'

CHAMAECYPARIS PISIFERA 'SUNGOLD'

Sawara Cypress

Size: 8 x 12'

Exposure: Sun-Part sun

Zone: 4

Tight foliage on weeping thread-like branches gives this evergreen shrub a mop-like appearance. Golden yellow foliage matures to green. Mounding to broadly conical. Good as a small hedge, as an accent, and in borders. Best color in sun.

CRYPTOMERIA JAPONICA 'BLACK DRAGON'

Japanese Cedar

Size: 10 x 8'

Exposure: Full sun

Zone: 6

Light green new foliage deepens to dark green. Winter color is almost black. Grows vigorously to size, then slows and fills in, to an irregular pyramidal form.

CRYPTOMERIA JAPONICA 'GOLDEN PROMISE'

Japanese Cedar

Size: 1 x 1'

Exposure: Sun-Part shade

Zone: 6

This dwarf cedar forms a globe shape comprised of bright yellow foliage. The foliage is coarse, small, and awl-like.

CRYPTOMERIA JAPONICA 'SPIRALIS'

Japanese Cedar

Size: 30 x 15'

Exposure: Sun-Part shade

Zone: 6

The light green needles of this semi-dwarf cultivar wrap around the branches in a tight spiral. This feature gives the appearance of ringlets, hence the name Granny's Ringlets. A unique specimen for the garden or container.

CUPRESSOCYPARIS LEYLANDII 'GOLD RIDER'

Leyland Cypress

Size: 35 x 15'

Exposure: Sun-Part shade

Zone: 5

A gorgeous golden spin on the classic Leyland cypress. It can take a range of forms from columnar to pyramidal. The branches form flat sprays that highlight the bright green interior as well as the golden tips. Additionally, 'Gold Rider' can be used as a hedging cedar at a spacing of 15'.

CUPRESSOCYPARIS LEYLANDII 'GOLDFERN'

Leyland Cypress

Size: 35 x 12'

Exposure: Full sun

Zone: 6

This evergreen conifer has fluffy foliage with rich gold color. Loves heat and humidity. 6-8" of growth per year. Deer resistant.

Cupresso- cyparis

Ginkgo

Cupressocyparis leylandii 'Reco' Shorty PP19618

Ginkgo biloba 'Autumn Gold'

Ginkgo biloba 'Crispin's Jaded Jester'

Ginkgo biloba 'JN9' Sky Tower™

Cupressocyparis leylandii

Ginkgo biloba 'Chi Chi'

Ginkgo biloba 'Fastigiata'

Ginkgo biloba 'Magyar'

CUPRESSOCYPARIS LEYLANDII 'RECO' SHORTY PP19618

Leyland Cypress

Size: 7 x 4'
Exposure: Full sun
Zone: 6

Dwarf, compact shrub has bright evergreen foliage. Drought and heat tolerant. Deer resistant. Unlicensed propagation prohibited.

GINKGO BILOBA 'AUTUMN GOLD'

Maidenhair Tree

Size: 50 x 30'
Exposure: Sun-Part sun
Zone: 3

This male cultivar of Ginkgo is practically pest-free and resistant to storm damage. The shape is often irregular with a large branch or two seemingly forming its own tree on the trunk. Unique fan-shaped green foliage turns golden yellow in fall; however, leaves drop quickly and the fall show is short.

GINKGO BILOBA 'CRISPIN'S JADED JESTER'

Maidenhair Tree

Size: 6 x 6'
Exposure: Sun-Part sun
Zone: 3

Leaves on this male cultivar are variegated with stripes of blue-green and yellow. Fall color is yellow.

GINKGO BILOBA 'JN9' SKY TOWER™

Maidenhair Tree

Size: 20 x 10'
Exposure: Sun-Part sun
Zone: 5

Great as a vertical accent, this deciduous tree is densely branched, with fan-shaped, green leaves that turn golden yellow in fall. Unlicensed propagation prohibited.

CUPRESSOCYPARIS LEYLANDII

Leyland Cypress

Size: 80 x 20'
Exposure: Full sun
Zone: 6

A large, graceful tree with flat sprays of green to blue-green scale-like foliage.

GINKGO BILOBA 'CHI CHI'

Maidenhair Tree

Size: 4 x 3'
Exposure: Sun-Part sun
Zone: 4

This dwarf deciduous tree boasts a round form and dense branching. The leaves transition from their summer green to a gorgeous golden display in the fall.

GINKGO BILOBA 'FASTIGIATA'

Maidenhair Tree

Size: 75 x 15'
Exposure: Sun-Part sun
Zone: 4

Interesting fan-shaped, green leaves turn golden yellow in fall. Columnar habit and tolerant of urban conditions. Male cultivar.

GINKGO BILOBA 'MAGYAR'

Maidenhair Tree

Size: 60 x 30'
Exposure: Full sun
Zone: 3

The typical fan-shaped leaves have a shallow split creating two distinct lobes. Fall color is an attractive golden yellow. This male cultivar is upright and taller than wide.

Ginkgo

Juniperus

Ginkgo biloba 'Mariken'

Ginkgo biloba 'Saratoga'

Ginkgo biloba 'Troll'

Juniperus chinensis 'Angelica Blue'

Ginkgo biloba 'PNI 2720' Princeton Sentry

Ginkgo biloba 'Spring Grove'

Ginkgo biloba 'Weeping Wonder'

Juniperus chinensis 'Bakaurea' Gold Star

GINKGO BILOBA 'MARIKEN'

Maidenhair Tree

Size: 3 x 8'

Exposure: Sun-Part sun

Zone: 3

A dwarf, low-spreading, somewhat weeping male cultivar. Small, fan-shaped leaves are a medium green that turn a golden yellow in the fall. Deer resistant.

GINKGO BILOBA 'SARATOGA'

Maidenhair Tree

Size: 30 x 20'

Exposure: Sun-Part sun

Zone: 4

'Saratoga' is an elegant variety that has unique, elongated fan-shaped leaves with veins. Emerald green foliage turns gold in the fall.

GINKGO BILOBA 'TROLL'

Maidenhair Tree

Size: 6 x 6'

Exposure: Sun-Part sun

Zone: 4

A dwarf cultivar of the ancient ginkgo tree. Growing slowly, it forms a bushy mound of rich green fan-shaped leaves that change to yellow in the fall. Can be grown on a standard or as a small tree. Suitable for container gardening.

JUNIPERUS CHINENSIS 'ANGELICA BLUE'

Angelica Blue Chinese Juniper

Size: 5 x 10'

Exposure: Full sun

Zone: 4

Feathery blue foliage makes this cultivar a refreshing change from other groundcover junipers. The blue color becomes even brighter in cooler weather.

GINKGO BILOBA 'PNI 2720' PRINCETON SENTRY®

Maidenhair Tree

Size: 45 x 25'

Exposure: Sun-Part sun

Zone: 3

Narrow, columnar, deciduous tree with chartreuse fan-shaped leaves. Fall color is a spectacular yellow. Resistant to pests and disease. A male, non-fruiting selection. Unlicensed propagation prohibited.

GINKGO BILOBA 'SPRING GROVE'

Maidenhair Tree

Size: 6 x 4'

Exposure: Sun-Part sun

Zone: 4

This dwarf ginkgo forms a dense, upright pyramid. Excellent for smaller spaces, its bright green foliage turns golden yellow in fall, extending its seasonal interest. Deer resistant and pollution tolerant.

GINKGO BILOBA 'WEEPING WONDER'

Maidenhair Tree

Size: Height & width depend on training

Exposure: Sun-Part sun

Zone: 4

A unique ginkgo with pendulous growth habit, graceful pendulous branches with beautiful fishtail foliage descend from the upright leader.

JUNIPERUS CHINENSIS 'BAKAUREA' GOLD STAR

Chinese Juniper

Size: 4 x 6'

Exposure: Full sun

Zone: 4

Gold tips highlight light green to blue-green branches on this spreading evergreen shrub. Good resistance to root problems. Great choice for using to brighten the front of borders as a low growing shrub.

Juniperus

Juniperus chinensis 'Blue Point'

Juniperus chinensis 'Gold Lace'

Juniperus chinensis 'Old Gold'

Juniperus chinensis 'Sea Green'

Juniperus chinensis 'Daub's Frosted'

Juniperus chinensis 'Kaizuka' Torulosa

Juniperus chinensis 'Perfecta'

Juniperus chinensis 'Spartan'

JUNIPERUS CHINENSIS 'BLUE POINT'

Chinese Juniper

Size: 12 x 8'

Exposure: Full sun

Zone: 4

Multi-stemmed, evergreen shrub with a distinctive and refined pyramidal form. Foliage is an attractive blue-green.

JUNIPERUS CHINENSIS 'GOLD LACE'

Chinese Juniper

Size: 4 x 7'

Exposure: Full sun

Zone: 4

Vivid, yellow-tipped foliage visually softens the landscape and is brightest in summer. Branches spread horizontally, enhancing the lacy appearance. Good for rock gardens and erosion control.

JUNIPERUS CHINENSIS 'OLD GOLD'

Chinese Juniper

Size: 3 x 5'

Exposure: Sun-Part shade

Zone: 3

Dense, compact, spreading evergreen shrub has branches that arch out at 45-degree angles, forming a flat top. Soft, golden-yellow foliage acquires bronze tints in summer, intensifying in winter. Needs afternoon shade in hot summer areas.

JUNIPERUS CHINENSIS 'SEA GREEN'

Chinese Juniper

Size: 6 x 8'

Exposure: Full sun

Zone: 4

Evergreen conifer with upright, arching branches. Soft, bright mint-green foliage darkens in winter. Good in borders or as a specimen. Needs afternoon shade in hot summer areas.

JUNIPERUS CHINENSIS 'DAUB'S FROSTED'

Chinese Juniper

Size: 2 x 5'

Exposure: Sun-Part shade

Zone: 4

Low growing spreader with bright lemon-yellow highlights over emerald green foliage. Needs afternoon shade in hot summer areas.

JUNIPERUS CHINENSIS 'KAIZUKA' TORULOSA

Hollywood Juniper

Size: 15 x 10'

Exposure: Full sun

Zone: 5

Upright irregular conifer with scale-like bright green foliage. The unusual twisted form makes an effective statement in the garden. Also useful as a hedge or wind break. Tolerant of most soils except wet conditions. Good salt tolerance.

JUNIPERUS CHINENSIS 'PERFECTA'

Perfecta Chinese Juniper

Size: 18 x 8'

Exposure: Full sun

Zone: 4

This evergreen is narrowly pyramidal, with attractive dark green foliage. Good used as a specimen or screen. Tolerates drought and rocky soil.

JUNIPERUS CHINENSIS 'SPARTAN'

Chinese Juniper

Size: 20 x 6'

Exposure: Full sun

Zone: 4

Evergreen, pyramidal shaped tree with rich green foliage. Good as a windbreak and screen.

Juniperus

Juniperus chinensis 'Trautman'

Juniperus communis 'Gold Cone'

Juniperus horizontalis 'Blue Chip'

Juniperus procumbens 'Nana'

Juniperus communis 'Compressa'

Juniperus horizontalis 'Bar Harbor'

Juniperus horizontalis 'Wiltonii'

Juniperus scopulorum 'Blue Arrow'

JUNIPERUS CHINENSIS 'TRAUTMAN'

Trautman Chinese Juniper

Size: 15 x 4'

Exposure: Full sun

Zone: 4

A tall, narrow juniper, this cultivar is also cold hardy and has blue-green foliage. Excellent as a focal point or can be used in narrow spaces to form a screen.

JUNIPERUS COMMUNIS 'GOLD CONE'

Common Juniper

Size: 5 x 1-2'

Exposure: Full sun

Zone: 4

Upright, narrow, evergreen shrub. Golden yellow foliage fades to bluish green in winter.

JUNIPERUS HORIZONTALIS 'BLUE CHIP'

Creeping Juniper

Size: 10 x 8'

Exposure: Sun-Part shade

Zone: 3

A low mounding, evergreen groundcover. Silver-blue foliage. Grows in most soils, but requires afternoon shade in hot summer areas.

JUNIPERUS PROCUMBENS 'NANA'

Dwarf Garden Juniper

Size: 12" x 8"

Exposure: Sun-Part shade

Zone: 4

Compact, mat-forming evergreen shrub has dense blue-green foliage. Good in border, massing, ground cover, or for erosion control. This plant can be staked to form an upright shrub. Afternoon shade in hot areas.

JUNIPERUS COMMUNIS 'COMPRESSA'

Pencil Point Juniper

Size: 10 x 2'

Exposure: Full sun

Zone: 3

This narrow, upright, columnar conifer has finely textured blue-green foliage. Great as an accent or specimen plant.

JUNIPERUS HORIZONTALIS 'BAR HARBOR'

Creeping Juniper

Size: 1 x 6'

Exposure: Full sun

Zone: 3

Blue-gray foliage takes on a purple hue in winter. This fast-growing, evergreen, woody groundcover is good for erosion control, is deer resistant and air pollution tolerant. Great for rock gardens or planted on slopes.

JUNIPERUS HORIZONTALIS 'WILTONII'

Blue Rug Creeping Juniper

Size: 6" x 8"

Exposure: Sun-Part shade

Zone: 3

Dense, very prostrate evergreen shrub has rich, silvery blue foliage that acquires lavender tints in winter. Produces tiny, silvery blue cones. Heat and cold tolerant. Good as ground cover or for erosion control. Afternoon shade in hot summer areas.

JUNIPERUS SCOPULORUM 'BLUE ARROW'

Rocky Mountain Juniper

Size: 15 x 2'

Exposure: Full sun

Zone: 4

This columnar evergreen has blue-green needles and a very narrow habit, perfect for small spaces. Drought tolerant.

Juniperus

Larix

Juniperus scopulorum 'Medora'

Juniperus scopulorum 'Skyrocket'

Juniperus squamata 'Dream Joy'

Larix decidua 'Pendula'

Juniperus scopulorum 'Moonglow'

Juniperus squamata 'Blue Star'

Juniperus virginiana 'Taylor'

Larix kaempferi 'Blue Dwarf'

JUNIPERUS SCOPULORUM 'MEDORA'

Rocky Mountain Juniper

Size: 15 x 5'

Exposure: Full sun

Zone: 3

This blue-green conifer forms a compact, narrow conical shape. Great as a vertical accent.

JUNIPERUS SCOPULORUM 'SKYROCKET'

Rocky Mountain Juniper

Size: 15 x 3'

Exposure: Full sun

Zone: 4

A very narrow upright form containing silver-blue needle-like foliage. Popular for use as a specimen or privacy screen.

JUNIPERUS SQUAMATA 'DREAM JOY'

Blue Star Juniper

Size: 2 x 4'

Exposure: Full sun

Zone: 4

This dwarf, spreading, evergreen Juniper has year-round interest with blue winter color that warms to brilliant yellow in the summer months.

LARIX DECIDUA 'PENDULA'

Weeping European Larch

Size: 12 x 6'

Exposure: Full sun

Zone: 3

Weeping form of this deciduous conifer. Tufts of light green needles hang on drooping branches, turning golden yellow in fall. Tolerates moist soil conditions. Size depends on training.

JUNIPERUS SCOPULORUM 'MOONGLOW'

Rocky Mountain Juniper

Size: 20 x 8'

Exposure: Full sun

Zone: 3

A very columnar tree with upright, bright, bluish green, needle-like foliage. Good as a specimen or for privacy screens. Tolerates coastal exposures.

JUNIPERUS SQUAMATA 'BLUE STAR'

Blue Star Juniper

Size: 3 x 4'

Exposure: Full sun

Zone: 5

This rounded, evergreen shrub has steel-blue foliage that looks like starbursts on the branch ends. Great in rock gardens, or as a contrast plant in mixed borders.

JUNIPERUS VIRGINIANA 'TAYLOR'

Virginia Juniper

Size: 20 x 4'

Exposure: Full sun

Zone: 3

Excellent as a screen or windbreak, this evergreen forms a narrow column. Blue-green foliage becomes bronzy in winter, and purplish blue cones attract birds.

LARIX KAEMPFERI 'BLUE DWARF'

Dwarf Japanese Larch

Size: 5 x 5'

Exposure: Full sun

Zone: 4

This slow growing, dwarf conifer forms an irregular globe. Deciduous blue-green foliage turns bright golden yellow in fall. Copper colored bark provides winter interest.

Larix

Picea

Larix kaempferi 'Blue Rabbit'

Picea abies 'Cupressina'

Picea abies 'Froehburg'

Picea abies 'Hillside Upright'

Picea abies 'Fastigiata Compacta'

Picea abies 'Gold Drift'

Picea abies 'Little Gem'

LARIX KAEMPFERI 'BLUE RABBIT'

Japanese Larch

Size: 40 x 10'
Exposure: Full sun
Zone: 4

This Japanese larch with exceptionally vivid blue foliage has a narrow, conical growth habit as well as a speedy growth rate. Deciduous.

PICEA ABIES 'CUPRESSINA'

Columnar Norway Spruce

Size: 30 x 10'
Exposure: Sun-Part sun
Zone: 4

Dense, narrow, evergreen tree with stiff, dark green needles, arranged singularly around upright branches.

PICEA ABIES 'FROHBURG'

Norway Spruce

Size: Height & width depend on training
Exposure: Full sun
Zone: 3

A small, compact, evenly branched weeping conifer. Dark green, thin needles on branches that drape with lower branches spreading along the ground.

PICEA ABIES 'HILLSIDE UPRIGHT'

Hillside Upright Norway Spruce

Size: 20 x 8'
Exposure: Full sun
Zone: 3

Dark green conifer has a narrow pyramidal form. Ascending, irregular branching is very sculptural.

PICEA ABIES 'FASTIGIATA COMPACTA'

Compact Norway Spruce

Size: 12 x 6'
Exposure: Sun-Part sun
Zone: 3

Perfect for the smaller landscape, this narrowly pyramidal, compact tree has dark green needles and upright branching.

PICEA ABIES 'GOLD DRIFT'

Gold Drift Weeping Norway Spruce

Size: 6 x 10'
Exposure: Sun-Part sun
Zone: 3

This moderate growing, weeping conifer has yellow to green needles. Protect young plants from strong sun to prevent foliage burn. Use as a groundcover or stake into a small weeping tree. Height depends on training.

PICEA ABIES 'LITTLE GEM'

Dwarf Norway Spruce

Size: 3 x 6'
Exposure: Sun-Part sun
Zone: 3

Compact, flat-topped, dwarf, evergreen shrub with dark green foliage. A sport of 'Nidiformis', this bun or cushion shaped conifer keeps its form naturally with very little trimming needed. New growth in spring is a beautiful bright green.

Picea

Picea abies 'Nidiformis'

Picea abies 'Pendula'

Picea engelmannii 'Bush's Lace'

Picea glauca 'Conica'

Picea abies 'Paul's Select'

Picea abies 'Pusch'

Picea glauca 'Blue Teardrop'

Picea glauca 'North Pole'

PICEA ABIES 'NIDIFORMIS'

Bird's Nest Spruce

Size: 5 x 6'
Exposure: Sun-Part shade
Zone: 3

Best known as "Bird's Nest Spruce", this dwarf grows into a dense, wide-spreading mound. The center has a slight depression as it does not develop a leader.

PICEA ABIES 'PENDULA'

Weeping Norway Spruce

Size: 6 x 10'
Exposure: Sun-Part sun
Zone: 3

Evergreen with rich green needles on trailing branches and 4" long hanging cones. Good accent plant. Size depends on training.

PICEA ENGELMANNII 'BUSH'S LACE'

Bush's Lace Engelmann Spruce

Size: 25' x 6'
Exposure: Full sun
Zone: 3

Although this is an upright conifer, its branches are somewhat weeping. New needles are light blue-green, adding to the soft appearance. Not for hot climates.

PICEA GLAUCA 'CONICA'

Dwarf Alberta Spruce

Size: 8 x 5'
Exposure: Sun-Part shade
Zone: 3

This dense, pyramidal, evergreen shrub has soft, bright green new growth that matures to a darker green. Good in rock gardens, large containers, as a foundation plant, or a specimen.

PICEA ABIES 'PAUL'S SELECT'

Paul's Select Norway Spruce

Size: 25 x 5'
Exposure: Sun-Part shade
Zone: 3

A slow-growing, blue-needled Norway spruce that has a dense pyramidal habit. Makes a good accent plant.

PICEA ABIES 'PUSCH'

Pusch Norway Spruce

Size: 1.5 x 1.5'
Exposure: Full sun
Zone: 3

Without a leader, this dwarf Norway spruce slowly forms an irregular mound. In early spring, cones are vivid purplish red, maturing to light brown.

PICEA GLAUCA 'BLUE TEARDROP'

White Spruce

Size: 4 x 2'
Exposure: Full sun
Zone: 2

A dense, dwarf conifer with short, tightly set, blue-green needles. The teardrop shapes make it an attractive accent plant.

PICEA GLAUCA 'NORTH POLE'

White Spruce

Size: 30 x 10'
Exposure: Full sun
Zone: 3

This upright conifer has a compact, narrow habit which would be excellent as a living Christmas tree in its early stages.

Picea

Picea glauca 'Pendula'

Picea omorika 'Nana'

Picea orientalis 'Gowdy'

Picea orientalis 'Skylands'

Picea glauca 'Eshraghi1' Poco Verde

Picea omorika 'Pendula Bruns'

Picea orientalis 'Nutans'

Picea pungens 'Baby Blue'

PICEA GLAUCA 'PENDULA'

Weeping White Spruce

Size: 30 x 6'

Exposure: Full sun

Zone: 2

An outstanding specimen, whose blue-green needled branches weep from a tall central leader, creating a slender spire. Ideal for small spaces. Best with cold winters and cool summers.

PICEA OMORIKA 'NANA'

Dwarf Serbian Spruce

Size: 5 x 5'

Exposure: Full sun

Zone: 4

Densely growing, dwarf, globe-shaped plant. Needles are 2-toned, green on one side and bands of white on the other giving the overall plant a silverish cast. Good candidate for containers.

PICEA ORIENTALIS 'GOWDY'

Oriental Spruce

Size: 10 x 6'

Exposure: Full sun

Zone: 4

This slow-growing, narrow, pyramidal spruce is a good choice for smaller landscapes. It's short, dark green, fine-textured needles are soft and the red-purple cones provide a nice contrast in spring. Tolerates heat and humidity well.

PICEA ORIENTALIS 'SKYLANDS'

Golden Oriental Spruce

Size: 30 x 10'

Exposure: Sun-Part shade

Zone: 4

Upright spruce with spiky needles that emerge bright yellow in spring and turn gold. Older needle growth is dark green. Protect from late afternoon sun.

PICEA GLAUCA 'ESHLAGHI1' POCO VERDE

White Spruce

Size: 5 x 2'

Exposure: Full sun

Zone: 3

Dwarf, narrowly pyramidal, evergreen conifer. New growth is light yellow-green, creating a contrasting polka dot effect against the dense darker green foliage.

PICEA OMORIKA 'PENDULA BRUNS'

Weeping Serbian Spruce

Size: 30 x 8'

Exposure: Full sun

Zone: 4

A unique looking conifer, with a main leader that seems to climb toward the sky, while the side branches are strongly pendulous and weep to the ground. The foliage emerges light green, turning blue-green with silver undersides. Makes a great focal point in the landscape.

PICEA ORIENTALIS 'NUTANS'

Oriental Spruce

Size: 15 x 3'

Exposure: Sun-Part shade

Zone: 4

This upright evergreen is called a nodding Caucasian spruce because of pendulous branch tips. Irregular branching and short, dark green needles give it a very sculptural form.

PICEA PUNGENS 'BABY BLUE'

Colorado Spruce

Size: 30 x 15'

Exposure: Sun-Part sun

Zone: 3

An outstanding Colorado blue spruce cultivar with a strong blue color and dense growth habit. A nice conical shape without shearing, and slightly more slender than the species.

PICEA PUNGENS 'BAKERI'

Colorado Spruce

Size: 20 x 12'
Exposure: Full sun
Zone: 3

Beautiful blue needles adorn this broadly conical evergreen tree.

PICEA PUNGENS 'FASTIGIATA'

Columnar Colorado Spruce

Size: 30 x 10'
Exposure: Full sun
Zone: 3

This narrow, upright tree with stiff bright blue needles adds vertical interest to the landscape.

PICEA PUNGENS 'GLAUCA GLOBOSA'

Globe Blue Spruce

Size: 3 x 4'
Exposure: Full sun
Zone: 3

This dense, compact, globe-shaped, evergreen shrub has stiff, bright blue needles. Excellent selection as an accent or specimen plant.

PICEA PUNGENS 'HOCKERSMITH' LINDA

Globe Blue Spruce

Size: 4 x 4'
Exposure: Full sun
Zone: 3

Discovered at Eshraghi Nursery, this evergreen has beautiful blue needles, that are deeper blue, thicker, and longer than 'Glauca Globosa'.

PICEA PUNGENS 'BLUE TOTEM'

Colorado Spruce

Size: 15 x 4'
Exposure: Full sun
Zone: 3

A blue-gray conifer with a dense columnar shape. Good for narrow screening or as a vertical accent.

PICEA PUNGENS 'FAT ALBERT'

Colorado Spruce

Size: 15 x 12'
Exposure: Full sun
Zone: 3

Dense, upright, very broad, pyramidal evergreen with blue needles. Good as a windbreak, screen, or landscape accent.

PICEA PUNGENS 'GLAUCA PROCUMBENS'

Colorado Spruce

Size: 2 x 10'
Exposure: Full sun
Zone: 3

The sprawling habit of this dwarf, blue-needled conifer makes it an unusual specimen. Some branches are prostrate, and some are upright, creating a very irregular shape.

PICEA PUNGENS 'HOOPSII'

Colorado Spruce

Size: 50 x 20'
Exposure: Full sun
Zone: 3

Pyramidal, evergreen tree with long, thick, silvery blue needles on spreading branches. Produces large magenta cones in spring.

Picea

Pinus

Picea pungens 'Waldbrunn'

Pinus banksiana 'Schoodic'

Pinus cembra 'Glauca'

Pinus contorta 'Chief Joseph'

Pinus flexilis 'Domingo'

PICEA PUNGENS 'WALDBRUNN'

Colorado Spruce

Size: 8 x 6'

Exposure: Full sun

Zone: 3

Short horizontal branches are covered with unusual blue-gray needles. Slow-growing, pyramidal form of Colorado blue spruce.

PINUS BANKSIANA 'SCHOODIC'

Jack Pine

Size: 2 x 4'

Exposure: Full sun

Zone: 2

This jack pine variant forms a prostrate, ground hugging mound with contorted branches and fine textured needles. 'Schoodic' would make a fine accent for a rock wall and is very cold hardy.

PINUS CEMBRA 'GLAUCA'

Swiss Stone Pine

Size: 15 x 10'

Exposure: Full sun

Zone: 4

A fantastic, disease resistant cultivar that has lovely silvery blue needles. It is quite slow-growing with a broadly conical shape, becoming somewhat rounded with age. A very attractive conifer that adds great color to the landscape.

PINUS CONTORTA VAR. LATIFOLIA 'TAYLOR'S SUNBURST'

Lodgepole Pine

Size: 12 x 8'

Exposure: Full sun

Zone: 4

Gold-yellow new growth makes a vivid contrast against older dark green needles. This bright display lasts for weeks, before fading to yellow-green, and finally to dark green. Tiny red cones add interest in spring.

PICEA PUNGENS SLENDERINA®

Slenderina® Weeping Colorado Spruce

Size: Height depends on trimming

Exposure: Full sun

Zone: 3

Introduced by Eshraghi Nursery. A weeping form of Colorado blue spruce, which is more narrow and blue than other varieties.

PINUS BANKSIANA 'UNCLE FOGY'

Jack Pine

Size: 2 x 15'

Exposure: Full sun

Zone: 2

This pendulous form of jack pine produces a large unique specimen in short order. Curving, trailing branches create an interesting, woody groundcover, with good cold tolerance. Can be trained to a variety of forms.

PINUS CONTORTA 'CHIEF JOSEPH'

Lodgepole Pine

Size: 6 x 4'

Exposure: Sun-Part shade

Zone: 5

This dwarf conifer, with its bright yellow winter color, is on every collector's list. Slowly growing 3-6" per year, it forms a broad upright to oval shape. New growth in spring is a medium green maintaining its color throughout summer until frost initiates the winter transformation.

PINUS FLEXILIS 'DOMINGO'

Limber Pine

Size: 25 x 15'

Exposure: Full sun

Zone: 4

Beautiful long needles have a soft, bluish green color on a broadly pyramidal tree. Good as a specimen or screen.

Pinus

Pinus flexilis 'Vanderwolf's Pyramid'

Pinus mugo 'Carstens'

Pinus mugo 'Eshraghi2' DayBreak

Pinus mugo 'Slowmound'

Pinus leucodermis 'Satellit'

Pinus mugo 'Columnaris'

Pinus mugo 'Sherwood Compact'

Pinus mugo 'Sunshine'

PINUS FLEXILIS 'VANDERWOLF'S PYRAMID'

Limber Pine

Size: 25 x 15'
Exposure: Sun-Part sun
Zone: 4

Long, twisted, blue-green needles on a pyramidal tree make this an interesting landscape addition.

PINUS MUGO 'CARSTENS'

Mugo Pine

Size: 1 x 2'
Exposure: Sun-Part sun
Zone: 2

A dense compact mugo pine with medium green foliage in the summer that turns a rich gold during winter. Late season push of short needles creates a crown effect on the end of each terminal branch.

PINUS MUGO 'ESHRAghi2' DAYBREAK

Mugo Pine

Size: 4 x 6'
Exposure: Sun-Part shade
Zone: 3

Naturally occurring variety found at Eshraghi Nursery. New growth is bright yellow, similar in color to 'Taylors Sunburst'.

PINUS MUGO 'SLOWMOUND'

Mugo Pine

Size: 4 x 6'
Exposure: Full sun
Zone: 2

Consistent dark green color and a naturally compact, mounding shape makes this conifer perfect for rock gardens and smaller spaces. As the name suggests, very slow-growing.

PINUS LEUCODERMIS 'SATELLIT'

Bosnian Pine

Size: 15 x 8'
Exposure: Sun-Part sun
Zone: 4

The long needles of this fastigate pine are dark green and grow tightly along the branches. Slow-growing, this upright evergreen is great for smaller landscapes. Drought and salt-spray tolerant.

PINUS MUGO 'COLUMNARIS'

Mugo Pine

Size: 8 x 4'
Exposure: Full sun
Zone: 2

With an upright, rather than rounded shape, this mugo pine will provide height to the landscape. Long needles are dark green, and the bark is red-orange.

PINUS MUGO 'SHERWOOD COMPACT'

Mugo Pine

Size: 1.5 x 2'
Exposure: Full sun
Zone: 2

A super choice for the front of the border, or for edging a walkway. Also works well as a bonsai specimen. Compact and well branched, with small deep green needles that create a bottle-brush appearance.

PINUS MUGO 'SUNSHINE'

Mugo Pine

Size: 3 x 3'
Exposure: Full Sun
Zone: 2

This slow growing Dutch evergreen features durable dragon's-eye type variegation, not burning in full sun. Fairly vigorous for a mugo, forming a globe shape. Reportedly, in some climates it has assumed a more pyramidal form.

Pinus

Pinus mugo 'Tannenbaum'

Pinus mugo var. *pumilio*

Pinus nigra 'Oregon Green'

Pinus parviflora 'Glauca'

Pinus mugo 'Valley Cushion'

Pinus nigra 'Green Tower'

Pinus parviflora 'Cleary'

Pinus parviflora 'Goldilocks'

PINUS MUGO 'TANNENBAUM'

Mugo Pine

Size: 11 x 6'

Exposure: Full sun

Zone: 2

This unusual mugo pine is upright, and has a broad Christmas tree shape. Deep green needles have a hint of blue. Very cold hardy.

PINUS MUGO VAR. PUMILIO

Mugo Pine

Size: 4 x 6'

Exposure: Sun-Part sun

Zone: 3

Evergreen shrub has short, dark green needles. New growth appears as narrow candles. Produces small dark brown cones.

PINUS NIGRA 'OREGON GREEN'

Austrian Pine

Size: 12 x 10'

Exposure: Full sun

Zone: 4

This relatively slow-growing upright tree has very fine-textured green needles and a distinctive pyramidal form. Bright white candles stand out against the green needles in the spring. Excellent as an accent or can be massed to form a tall screen.

PINUS PARVIFLORA 'GLAUCA'

Japanese White Pine

Size: 20 x 20'

Exposure: Full sun

Zone: 4

An evergreen tree with a dense, conical form when young, becoming wide spreading as it matures. Green needles with blue undersides are twisted and coarse. Freely produces red-brown, 1-4" long cones.

PINUS MUGO 'VALLEY CUSHION'

Mugo Pine

Size: 3 x 3'

Exposure: Full sun

Zone: 2

Excellent for smaller landscapes, this dwarf evergreen shrub is globe-shaped and has very short green needles.

PINUS NIGRA 'GREEN TOWER'

Austrian Pine

Size: 8 x 2'

Exposure: Full sun

Zone: 4

If you want an ideal specimen for a smaller space, this is it. A strongly fastigate habit is softened by lush long dark green needles. The sturdy branches withstands snow and ice well.

PINUS PARVIFLORA 'CLEARY'

Japanese White Pine

Size: 15 x 3'

Exposure: Full sun

Zone: 5

Bright silver-blue needles make this evergreen stand out among other conifers. Its slow-growing, compact form fits into any landscape.

PINUS PARVIFLORA 'GOLDILOCKS'

Japanese White Pine

Size: 8 x 6'

Exposure: Sun-Part shade

Zone: 5

New golden needles contrast nicely against silvery green older growth. An open, pyramidal form creates a statement in the landscape. A little shade improves the golden color.

Pinus

Pinus strobus 'Angel Falls'

Pinus strobus 'Coney Island'

Pinus strobus 'Green Twist'

Pinus strobus 'Pendula'

Pinus strobus 'Blue Shag'

Pinus strobus 'Fastigiata'

Pinus strobus 'Louie'

Pinus strobus 'Sea Urchin'

PINUS STROBUS 'ANGEL FALLS'

White Pine

Size: 10 x 3'

Exposure: Full sun

Zone: 3

Left unstaked, this weeping conifer forms a dense mound. When staked, its weeping branches create a dense, softly irregular column, with a weeping top. The habit is more narrow than 'Pendula'.

PINUS STROBUS 'CONEY ISLAND'

White Pine

Size: 5 x 3'

Exposure: Sun-Part sun

Zone: 3

A unique, dwarf pine that is dense, with long 5" blue-green needles softening the look of this rounded conifer. Bears numerous gray to blue cones, even when young.

PINUS STROBUS 'GREEN TWIST'

White Pine

Size: 5 x 3'

Exposure: Sun-Part sun

Zone: 4

This dwarf White Pine with twisted, curly green needles will add texture and interest to any garden. This compact grower originated as a witch's broom.

PINUS STROBUS 'PENDULA'

Weeping White Pine

Size: 7 x 12'

Exposure: Sun-Part sun

Zone: 4

Evergreen conifer with blue-green needles on long, weeping branches. Must be staked to develop a leader. Good as a specimen or accent plant. Size depends on training.

PINUS STROBUS 'BLUE SHAG'

White Pine

Size: 4 x 4'

Exposure: Sun-Part sun

Zone: 3

Compact, dwarf, globe-shaped evergreen shrub with short, soft, blue-green needles. Does not produce cones. Good as a specimen.

PINUS STROBUS 'FASTIGIATA'

Columnar White Pine

Size: 40 x 10'

Exposure: Sun-Part sun

Zone: 3

An evergreen with an upright growth habit that makes it much more suitable for smaller spaces than other white pines. Soft, blue-green needles look great when mixed with other conifers.

PINUS STROBUS 'LOUIE'

White Pine

Size: 20 x 15'

Exposure: Full sun

Zone: 3

Globe shaped when young, this conifer eventually becomes loosely pyramidal. Long, thin needles emerge golden, fading to a soft yellow-green during winter.

PINUS STROBUS 'SEA URCHIN'

White Pine

Size: 2 x 2'

Exposure: Sun-Part shade

Zone: 3

A very tight, slow-growing dwarf. Globe-shaped with a flattened top, the silvery blue-green needles are a standout in the landscape.

Pinus

Taxus

Pinus strobus 'Stowe Pillar'

Pinus sylvestris 'Watereri'

Pinus thunbergii 'Thunderhead'

Taxus baccata 'Fastigiata Aurea'

Pinus sylvestris 'Green Penguin'

Pinus thunbergii 'Kotobuki'

Pinus x schwerinii 'Wiethorst'

Taxus baccata 'Fastigiata'

PINUS STROBUS 'STOWE PILLAR'

White Pine

Size: 12 x 3'

Exposure: Full sun

Zone: 3

Extremely upright branching creates a narrow form perfect for a vertical accent or small space. Long green needles soften this conifer's shape, and large pine cones add interest.

PINUS SYLVESTRIS 'WATERERI'

Scots Pine

Size: 12 x 10'

Exposure: Sun-Part sun

Zone: 3

The blue-green needles on this evergreen contrast nicely against its exfoliating cinnamon-brown bark. Pyramidal when young, becoming irregular to dome-shaped when mature.

PINUS THUNBERGII 'THUNDERHEAD'

Dwarf Japanese Black Pine

Size: 10 x 10'

Exposure: Full sun

Zone: 5

Dwarf evergreen shrub, with glossy dark green needles and large white candles, forms a broad, dense pyramid.

TAXUS BACCATA 'FASTIGIATA AUREA'

Golden Irish Yew

Size: 25 x 8'

Exposure: Sun-Shade

Zone: 6

A columnar, slow-growing evergreen. New needles are golden yellow, developing a green center that becomes more prominent with age. Displays red berries in fall. Beautiful accent plant when grown next to contrasting colors.

PINUS SYLVESTRIS 'GREEN PENGUIN'

Scots Pine

Size: 4 x 2'

Exposure: Full sun

Zone: 3

This dwarf evergreen is a dense, rich green cone of needles producing curious "flowers" of juvenile foliage in the late summer each year. This cultivar is taller than it is wide and takes on a penguin-shape as it matures. Extremely cold hardy.

PINUS THUNBERGII 'KOTOBUKI'

Dwarf Japanese Black Pine

Size: 8 x 3'

Exposure: Full sun

Zone: 5

Short, dark green needles, with branches that grow upward with a tight and narrow habit.

PINUS X SCHWERINII 'WIETHORST'

Schwerin Pine

Size: 5 x 3'

Exposure: Sun-Part sun

Zone: 4

This dwarf, pyramidal pine has delicate, light green needles with silvery undersides, giving it a soft appearance. Produces seed cones at a young age.

TAXUS BACCATA 'FASTIGIATA'

Irish Yew

Size: 8 x 3'

Exposure: Sun-Part shade

Zone: 6

The deep green, soft needles on this columnar growing evergreen add a nice touch of both color and texture to the landscape. Perfect for vertical accents due to its upright growth habit.

Taxus

Taxus baccata 'Repandens'

Taxus x media 'Densiformis'

Taxus x media 'Hicksii'

Taxus x media 'Tauntonii'

Taxus cuspidata 'Nana Aurescens'

Taxus x media 'H.M. Eddie'

Taxus x media 'Hilli'

TAXUS BACCATA 'REPANDENS'

Spreading English Yew

Size: 4 x 15'

Exposure: Sun-Shade

Zone: 5

A prostrate yew with shiny, dark green needles. Branches tend to grow horizontally with pendulous tips, creating a soft effect. Produces red berries.

TAXUS X MEDIA 'DENSIFORMIS'

Dense Spreading Yew

Size: 4-6'

Exposure: Sun-Shade

Zone: 4

Low growing, dense, spreading evergreen shrub with dark green needled foliage. May have scarlet winter berries. This shade tolerant conifer is also drought tolerant once established, and works well as low hedge material.

TAXUS X MEDIA 'HICKSII'

Columnar Yew

Size: 20 x 10'

Exposure: Sun-Part shade

Zone: 4

Columnar evergreen shrub has glossy, dark green needled foliage with pale green reverse. Red winter berries. Very tolerant of urban conditions.

TAXUS X MEDIA 'TAUNTONII'

Taunton's Yew

Size: 4 x 5'

Exposure: Sun-Part shade

Zone: 4

A wonderful dwarf evergreen shrub for use as a foundation plant or in mixed borders. It grows wider than tall, and has deep green needles that hold onto their color year round. Tolerates summer heat.

TAXUS CUSPIDATA 'NANA AURESCENS'

Dwarf Golden Japanese Yew

Size: 3 x 6'

Exposure: Sun-Part shade

Zone: 4

The foliage on this low, spreading evergreen starts bright, golden yellow, gradually changing to dark green. Looks good planted in masses as a ground cover, or used in mixed borders. Non-fruit bearing male cultivar.

TAXUS X MEDIA 'H.M. EDDIE'

English Yew

Size: 20 x 5'

Exposure: Sun-Shade

Zone: 4

This narrow, upright yew takes well to pruning and is perfect for small spaces or as hedge material. Foliage emerges bright green, fading to a darker blue-green. It is a male selection, does not produce fruit, keeping a relatively tidy space.

TAXUS X MEDIA 'HILLII'

Columnar Yew

Size: 8 x 5'

Exposure: Sun-Part shade

Zone: 4

The columnar yew is an adaptable, hardy, evergreen capable of withstanding heavy pruning, but beautiful unpruned for a softer landscape. Perfect for hedges or planting along fences and walls.

THUJA OCCIDENTALIS 'AMBER GLOW'

Arborvitae

Size: 1 x 1'

Exposure: Sun-Part sun

Zone: 4

Forming a small mound, this cultivar is golden in summer, and amber-orange in winter. Good for small spaces and as an accent.

THUJA OCCIDENTALIS 'BOBAZAM' MR. BOWLING BALL®

Arborvitae

Size: 3 x 3'

Exposure: Sun-Part shade

Zone: 3

This unusual arborvitae grows in a compact globe with a soft, feathery texture. Light green juvenile foliage eventually turns sage green.

THUJA OCCIDENTALIS 'DEGROOT'S SPIRE'

Arborvitae

Size: 20 x 5'

Exposure: Full sun

Zone: 3

Medium green foliage on this narrow, columnar evergreen shrub, has purple tint in winter. Protect from strong winds.

THUJA OCCIDENTALIS 'JANTAR' PP22296

Arborvitae

Size: 15 x 3'

Exposure: Full sun

Zone: 3

A narrow, bright yellow arborvitae with a dense habit and a narrow, pointed top. The color becomes orange-yellow in winter, giving this cultivar its name, which means "amber". Suitable as a screen or accent plant. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'ANNIEK' SIENNA SUNSET™ PP22813

Arborvitae

Size: 2 x 2.5'

Exposure: Sun-Part sun

Zone: 3

This miniature arborvitae will maintain a compact globe shape. Branching is very short and covered with dense foliage. Soft and green at the core, the foliage has yellow tips. In winter, it transforms to a bronzy orange. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'CONGABE' FIRE CHIEF™ PP19009

Arborvitae

Size: 4 x 4'

Exposure: Full sun

Zone: 5

Selected for its bright orange to red fall foliage, this sport of 'Rheingold' lights up the landscape year-round. Spring color is gold, maturing to green in summer. This globe-shaped shrub is perfect for low-maintenance mass plantings or as a rock garden specimen. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'HETZ MIDGET'

Arborvitae

Size: 5 x 5'

Exposure: Sun-Part sun

Zone: 3

A slow-growing compact globe-shaped shrub with rich bluish green foliage that bronzes in winter. Its neat habit makes it great for border, foundation, or rock garden plantings. Tolerant of urban conditions.

THUJA OCCIDENTALIS 'SMARAGD'

Emerald Green Arborvitae

Size: 15 x 5'

Exposure: Sun-Part shade

Zone: 2

Compact, columnar evergreen shrub has feathery, rich green foliage that holds its color all year. Needs a moist atmosphere and some shade in hot summer areas.

Thuja

Thuja occidentalis 'Tom Thumb'

Thuja occidentalis 'King of Brabant' Private Jet™ PP29678

Thuja plicata '4EVER' Forever Gold™ PP19267

Thuja plicata 'Whipcord'

Thuja occidentalis Highlights™ 'Janed Gold' PP21967

Thuja orientalis 'Franky Boy'

Thuja plicata 'Northern Spire' PP31298

Thuja plicata 'De Rakt' Sugar and Spice PP19926

THUJA OCCIDENTALIS 'TOM THUMB'

Arborvitae

Size: 3 x 3'

Exposure: Sun-Part sun

Zone: 4

This semi-dwarf *Arborvitae* will form a neat globe-shaped mound. Dense foliage is a lovely emerald green color that holds well throughout the year with little bronzing. Makes a fine low growing hedge or mixes well in shrub borders.

THUJA OCCIDENTALIS 'KING OF BRABANT' PRIVATE JET™ PP29678

Arborvitae

Size: 20 x 5'

Exposure: Full sun

Zone: 3

The perfect evergreen hedge, fast. Private Jet will grow up to 2 ft per year, providing an instant screen in a narrow space. Unlicensed propagation prohibited.

THUJA PLICATA '4EVER' FOREVER GOLDY™ PP19267

Western Red Cedar

Size: 20 x 5'

Exposure: Sun-Part shade

Zone: 4

Year-round interest is what you get with this upright conifer. Its golden color and sculptural form are stunning. Foliage develops an orange tint in fall and winter, along with red stems. Unlicensed propagation prohibited.

THUJA PLICATA 'WHIPCORD'

Western Red Cedar

Size: 5 x 5'

Exposure: Full Sun

Zone: 5

An interesting evergreen with foliage that is thin and cord-like, arching from the center of the plant. Makes a great focal point in the landscape.

THUJA OCCIDENTALIS HIGHLIGHTS™ 'JANED GOLD' PP21967

Arborvitae

Size: 8 x 4'

Exposure: Sun-Part shade

Zone: 3

Upright, pyramidal evergreen with yellow-gold foliage. Holds bright color throughout the year. Unlicensed propagation prohibited.

THUJA ORIENTALIS 'FRANKY BOY'

Oriental Arborvitae

Size: 6 x 4'

Exposure: Full sun

Zone: 5

Unique golden, thread-like foliage grows upright creating a teardrop effect on this dwarf conifer. Winter foliage turns orange-bronze, adding both color and texture to the landscape year-round.

THUJA PLICATA 'NORTHERN SPIRE' PP31298

Western Red Cedar

Size: 20 x 5'

Exposure: Full sun

Zone: 4

Columnar evergreen with dense, dark green foliage. Unlicensed propagation prohibited.

THUJA PLICATA 'DE RAKT' SUGAR AND SPICE PP19926

Western Red Cedar

Size: 10 x 3'

Exposure: Sun-Part shade

Zone: 5

Soft textured evergreen with fine foliage, very slender and vertical growing. Perfect for smaller gardens and container planting. Unlicensed propagation prohibited.

Thuja standishii x plicata 'Green Giant'

Thuja standishii x plicata 'Junior Giant' PP31297

Thuja standishii x plicata 'Steeplechase'

THUJA STANDISHII X PLICATA 'GREEN GIANT'

Western Red Cedar

Size: 60 x 18'

Exposure: Sun-Part shade

Zone: 5

An excellent substitute for Leyland cypress. This evergreen has dark green foliage and a nice upright conical shape that requires no pruning. Ideal for screens and can be sheared for hedges. Disease and deer resistant.

THUJA STANDISHII X PLICATA 'JUNIOR GIANT' PP31297

Western Red Cedar

Size: 20 x 10'

Exposure: Full sun

Zone: 5

Junior is a smaller version of the beloved 'Green Giant' with the same deep green foliage. It reaches a maximum height of 20' and is ideal for privacy screens in smaller spaces. Planting it in groups forms a low-maintenance hedge, screen, or barrier that requires less trimming. Junior is easy to grow, hardy, and deer resistant. Unlicensed propagation prohibited.

THUJA STANDISHII X PLICATA 'STEEPLECHASE'

Western Red Cedar

Size: 20 x 8'

Exposure: Full sun

Zone: 4

An attractive evergreen with finely textured deep green foliage and a dense habit. It has a broadly conical to oval shape. Unlicensed propagation prohibited.

Terms & Conditions

TERMS AND CONDITIONS

Orders must be prepaid, unless credit is previously approved. New accounts requesting credit terms must complete a credit application. All credit applications will be considered. Please allow 30 days for processing. Approved credit accounts are due 30 days from date of shipment. Overdue accounts will be charged interest at the rate of 1.5% monthly on the unpaid balance. Accounts not meeting established terms will revert to prepayment status and may result in a loss of discount. Accounts inactive for 4 years or greater will revert to prepayment and will need to fill out a new credit application 30 days prior to shipping. Payment by credit card is accepted, and nominal service fees will apply.

PRICING

Prices are subject to change without notice. Please contact us for current pricing. Freight costs are not included in pricing.

PHYTOSANITARY CERTIFICATES

Orders shipped to Canada or to a state that requires a phytosanitary certificate will be charged a fee to process phytosanitary documents.

ORDER MINIMUMS

For efficiency, quantity minimums will apply to all material, as described in the current availability. Orders shipped via common carrier must also meet our net dollar minimum as stated in the current availability.

SHIPPING

At your request, we will arrange shipping via 3rd party carrier. You will be charged freight COD, unless you have previously established credit with the carrier. If you are arranging a carrier, please allow us at least 3 business days' notice prior to shipping to prepare your order. We do not assume responsibility for the product once loaded. Freight claims must be submitted to the carrier directly.

ADJUSTMENTS AND CANCELLATIONS

Please review your confirmations promptly and notify us of any changes. We reserve the right to substitute one size larger or smaller on all material, unless prior instructions of "no substitutions" are given. We reserve the right to cancel products due to weather damage, error in availability, insect or disease injury, acts of nature or government, and all other causes beyond our control. If the material ordered is not available to us for any reason, we shall provide you with the option of substituting another product upon terms and conditions agreeable to both parties. Plant unavailability shall not be deemed a breach of this Agreement.

Fall order cancellations must be received in writing prior to November 1. Any cancellations on pre-booked fall orders received after this date will incur a 15% restocking fee on B&B and B&B/CT items. Cancellations on spring orders must be received in writing prior to April 1. Cancellations after this date will incur a 15% restocking fee (\$250 minimum). Late cancellations may jeopardize future allocation percentages and/or fill rates. After June 1st, pre-booked spring orders will be released to open availability.

No cancellations once an order is pulled and on the dock.

CLAIMS

All claims must be noted on the bill of lading. Claims must be made in writing within 5 business days of receipt of shipment and include pictures of damaged material. Any material subject to claim must be held for inspection and disposition. Claims made regarding damage in transit must be made directly to the carrier. We will be glad to assist if requested. We are not responsible for any sum greater than the purchase price of the stock.

CUSTOM LABELS

We can add your company's retail prices, SKUs, and/or our UPCs to our tags for each plant, or you can send us your own tags. Retail pricing, SKU codes and/or your company tags must be received by January 15th. Please refer to the current availability for the custom label charge.

CONDITIONS OF SALE

The seller makes no warranty, expressed or implied, extending beyond the description herein, including merchantability. Liability, in all cases will not exceed purchase price of the subject plants.

PLANT PATENT and/or TRADEMARK

The price of certain plants purchased may include a plant patent and/or trademark royalty. In exchange for those royalty payments, you are granted a limited, non-exclusive license to grow and sell the plants. This license does not include the right to propagate the plants in any manner.
